Product Description

This aluminium enclosure by Delock allows the installation of two M.2 PCIe NVMe SSDs in 2280, 2260, 2242 and 2230 format. It can be connected to a PC or notebook via USB. The robust metal housing with cooling fins ensures an optimum storage temperature. M.2 PCIe SSD RAID If two SSDs are installed, it is possible to use different RAID modes. SSD installation without tools The special feature of this housing is that no tools are required to install the M.2 SSD. The cover can be pushed backwards with a little pressure, the SSD is attached to the board with a rubber nipple and then the cover is pushed back on until it clicks into place.
