66811 - Crimping box 70-piece 75 Ohm with BNC, TNC and F connectors

from **179,00 EUR**

Item no.: 373790
shipping weight: 0.90 kg
Manufacturer: Delock

Product Description

This high-quality box from Delock contains various crimp connectors for high-frequency technology for connecting components. BNC connectors are used particularly in the radio and video sector. The bayonet lock holds the connector firmly in place, even under high tensile stress. Unlike BNC connectors, TNC connectors are not connected using a bayonet, but are screwed together using a thread. As with BNC, however, the application is in the radio and video sector. F connectors are most commonly found in the satellite television sector, but are also used in the cable television sector.

Specification- Contents: 10 x BNC plug for RG-59, 10 x BNC plug for RG-6, 5 x BNC plug for RG-11, 5 x BNC socket for RG-59, 5 x BNC socket for RG-6, 5 x TNC socket for RG-59, 10 x TNC plug for RG-59, 10 x F plug for RG-59, 10 x F plug for RG-6- Housing material: Nickel-plated brass- Impedance: 75 Ohm- Frequency range: DC - 500 MHz- Dimensions of assortment box (LxWxH): approx. 265 x 180 x 30 mm System requirements- Coaxial cable suitable for crimping Package contents- 70 x crimp connector
