

Item no.: 373789

86960 - Hot cutter with cutting tip

from **201,53 EUR**

Item no.: 373789
shipping weight: 0.90 kg
Manufacturer: Delock

Product Description

This hot cutting device from Delock is used for cutting braided and fabric hoses, for example. The individual threads on the cut edge of the braided sleeving do not fray, but melt and leave a clean overall impression. The optimum temperature can be set on the controller by moving the rotary wheel forwards or backwards. The cutting temperature is reached within seconds. The hot cutter is also ideal for cutting ropes, tapes or belts.

Specification- Cuts quickly and cleanly- No fraying of the cable hoses- Temperature adjustable- Operating voltage: 230 V- Rated power: 80.0 W- Heating temperature: max. 500 °C- Cable length: approx. 3 m- Colour: blue- Material: plastic, metal- Package contents- Hot cutter- Cutting blade- Allen key- Cleaning brush- Operating instructions
