PG1200 KIT - TP-Link PG1200 KIT Powerline Kit, G.hn1200

from **96,72 EUR**

Item no.: 375061
shipping weight: 0.60 kg
Manufacturer: TP-LINK

Product Description

A high-performance powerline system that uses the latest advanced G.hn* technology to ensure a stable and fast cable connection via the power line with a transmission speed of 1200 Mbps (the actual value is specified by the manufacturer as 607 Mbps), encrypted with a 128-bit AES key and Gigabit LAN connection on each powerline device. And all this with a range of up to 300 metres along the power line. Stream in 8K, game online and download large files without interruption or restriction.

Powerline- Range (m): 300- Powerline security: 128bit AES- Modulation technology: OFDM (PLC)- Powerline speed (Mb/s): 1200 (G.hn)Ports and interfaces- LAN speed: (1) 10/100/1000Mbps- Gigabit LAN: YesPower- Max: 3.3Physical characteristics- Buttons: Pair- Operating temperature (°C): 0 to 40- Width (mm): 58- Height (mm): 88- Depth (mm): 32Package contents- (2) Powerline unit- (2) Patch cables
