## Smart Home Hub - Works as a SmartThings Hub

**88,02 EUR**

Item no.: 358021  
shipping weight: 0.50 kg  
Manufacturer: Aeotec

### Product Description

The Aeotec Smart Home Hub is the central interface and acts as the intelligent hub of your modern Smart Home. It allows you to connect wirelessly to a wide range of compatible smart devices, such as lights and sensors.

Totally focused on your routines: Automate your personal routines for more convenience with the SmartThings app. This allows you to create a scenario and define your own evening routines: Just make yourself comfortable on the couch while your smart thermostats ensure a pleasant temperature and the smart lights provide pleasant light to create a feel-good atmosphere.

Fits perfectly into your home: The small and slim Aeotec Smart Home Hub fits harmoniously into your home with its simple and discreet design. Thanks to integrated W-LAN, the hub can be placed anywhere and at the same time complement your interior design in a stylish way.

The Smart Home Hub requires an active internet connection via WLAN or a direct connection via Ethernet cable to your router. You can control the hub with the free SmartThings app for Android (8.0 or higher) or iOS (11.0 or higher).
