from **205,25 EUR**

Item no.: 375020
shipping weight: 1.20 kg
Manufacturer: TP-LINK

Product Description

Camera set including an H200 central hub connected to the network via Ethernet and two Tapo C420 wireless outdoor cameras with integrated battery connected to the H200 central hub. The cameras have a maximum resolution of 2560 x 1440px at 15 fps (4MP), a very wide field of view 113° thanks to the fixed 3.18mm lens, Starlight sensor for color image day and night, durable body with IP65 degree of protection, IR illuminator for reduced visibility at 15 m and two-way audio (microphone and speaker) controllable from a mobile app. The camera can be operated with a connected USB cable or on battery with a duration of up to 180 days. 180 day battery life. Each of the cameras includes a rechargeable and replaceable battery with a low power consumption protocol that significantly extends usage time. Battery life of up to 180 days is based on TP-Link laboratory testing when running 10-20 events per day. Actual battery life may vary depending on device settings and usage and environmental factors. Sound and light alarm. You can trigger an sound and light alarm to drive away unwanted visitors. You can also place the camera outdoors (IP65 protection). You can save recorded videos to a microSD card (up to 256 GB) inserted in the hub or to cloud storage within the Tapo Care service.
