Product Description

The Nertwerk WiFi IP / IPC cameras are high-quality video surveillance devices that are suitable for both indoor and outdoor installation and 24/7 monitoring. The camera is ideal for home surveillance, offices, warehouses, construction sites and allotments. The camera works with the Bitvision app (available in the Play Shop and App Store)- free application for iOS and Android- live monitoring of any number of cameras from any location- preview of saved recordings- local recording of films and photos on a smartphone- sharing previews with other users. Note: The camera does not have PoE. It can be supplied with power via the mains cable using an external 12 V PoE adapter. No adapter or power supply unit is included.
