Manufacturer: Maclean Brackets

Product Description

High-quality 6W energy-saving LED light bulb with an E14 thread. It is equivalent to a conventional 60W light bulb. The high efficiency makes it possible to reduce energy consumption by up to 80%. Our LED bulbs are the best ecological alternative. The advantage of the incandescent bulb is the use of LED modules that resemble a traditional filament. This makes the bulb similar in appearance to a classic light bulb and is ideal for use in various types of chandeliers and wall lights.

Specification- Manufacturer: Maclean Energy- Type: LED light bulb- Power: 6W- Voltage: 230V- Luminous flux: 806lm- Light colour: Warm white- Colour temperature: 3000K- Service life: 20 000h- Energy class: A+- Energy efficiency class (from 01/09/2021): E- Fastening: E14 threadSet contains- LED light bulb E14, 6W 230V Maclean Energy MCE286- Manufacturer's packagingFeatures- Energy-saving decorative retro LED light bulb- Up to 80 % less energy consumption than a conventional light bulb- Suitable for indoor use- Long service life of up to 20.000 hours- Number of on/off cycles: 15,000 times- Very low energy consumption- Luminous flux: 806lm- Power: 6W- Equivalent to a conventional 60 W light bulb- Voltage: 230V- Light colour: Warm white- Colour temperature: 3000K- Energy class: A+- Thread: E14
