shipping weight: 0.30 kg
Manufacturer: Maclean Brackets

Product Description

Maclean network IP / IPC cameras are high-quality video surveillance devices that are suitable for both indoor and outdoor installation and 24-hour surveillance. The camera is ideal for home surveillance, offices, warehouses, construction sites and allotments. The camera works with the Bitvision app (available in the Play Shop and App Store) - free application for iOS and Android - live monitoring of any number of cameras from any location - preview of saved recordings - local recording of films and photos on a smartphone - sharing previews with other users. Note: The camera does not have WiFi, but is designed for communication and power supply via a LAN cable. Note: The PoE camera does not have a power supply unit supplied. It can be powered via a PoE DVR or PoE switch by connecting it via a LAN cable or by purchasing a power supply unit separately.
