Product Description

High-quality, energy-saving 6W LED lamp with E27 socket. Equivalent to an ordinary 45 W light bulb. Thanks to the high efficiency, you can reduce energy consumption by up to 80 %. Our LED lamps are the best ecological alternative. The advantage of the light bulb lies in the use of LED modules that resemble a conventional light bulb. This makes the bulb look like a classic tungsten bulb and is ideal for use in various types of chandeliers and wall lights.
