

Item no.: ISO-BEAM-620

ISO-BEAM-620 - Isolator Radome for 620 mm Dish Reflektor

67,17 EUR

Item no.: ISO-BEAM-620
shipping weight: 6.50 kg
Manufacturer: Ubiquiti

Product Description

IsoBeam(TM) - Isolator Radome for 620 mm Dish ReflectorThe IsoBeam(TM) provides breakthrough isolation performance for colocation deployments of Point-to-Point (PtP) links and backhauls. Seamless Integrated DesignImproved wind load performance and advanced RF energy isolation in a sleek integrated design.Plug and Play IntegrationUse the IsoBeam with any of these dish antennas: PowerBeam(TM) PBE-5AC-620, PowerBeam(TM) PBE-M5-620, and RocketDish(TM) RD-5G30-LW. Installation is quick and easy – requiring just a single screw.Breakthrough Isolation PerformanceThe innovative RF-choke perimeter delivers superior noise immunity in co-location deployments.
