### Product Description

Adjustable window/wall mounting kit for NanoStation/NanoStation loco/NanoStation M/NanoStation M loco

The kit comes with interchangeable mounting adapters (suction mount for window, wall screws for wall) so the NanoStation can be easily fitted on a window or wall. Two adjustable points make the mount extremely versatile in adjusting the NanoStation to the exact position you want.

The NanoStation window/wall mounting kit comes with everything necessary for installation (all you need is a screwdriver).

Scope of Delivery:

- Wall screws
- Holster screw
- Window adapter
- Wall adapter
- Arm
- Holster
