

Item no.: PAK-620

PAK-620 - Precision Alignment Kit 620mm

from **34,30 EUR**

Item no.: PAK-620
shipping weight: 5.20 kg
Manufacturer: Ubiquiti

Product Description

Ubiquiti PAK-620 Precision Alignment Kit 620mm The Precision Alignment Kit for 620 mm Dish Reflector enables extremely accurate aiming to optimize airFiber(R) and airMAX(R) Point-to-Point (PtP) links.

Plug and Play Compatibility:

- Use the Precision Alignment Kit with any of these dish antennas: airFiber(R) AF-5G30-S45, PowerBeam(TM) PBE-5AC-620, PowerBeam PBE-M5-620, and RocketDish(TM) RD-5G30-LW.

Optimal Link Deployment:

- Precision two-axis alignment enhances beam directivity for maximum PtP or backhaul performance.
