QBWM2 - QuBox WiMount v2

from **13,15 EUR**

Item no.: 384471
shipping weight: 0.70 kg
Manufacturer: QuWireless

Product Description

WiMount 2.0 mounting system WiMount 2.0 is a versatile and durable mounting system for most of our network antennas and their enclosures. It is made of very solid material with high content of fiberglass, which ensures strength and resistance to weather conditions. WiMount 2.0 allows you to mount your antenna on a wall or a mast in two planes, with an adjustment range of 60 degrees. This gives you the flexibility to optimize the signal reception and transmission of your network device. WiMount 2.0 is easy to install and adjust, and comes with all the necessary hardware and instructions.
