Product Description

Yealink CPN10 - PSTN Box

Used in combination with Yealink's IP Conference Phone CP860/CP920, the CPN10, as a new product designed by Yealink, is a PSTN box to meet the demands in some countries and areas which are still using the public switched telephone network (PSTN). With this PSTN box CPN10, the Yealink CP860/CP920 can both support the conferencing call-based on SIP protocol and PSTN. With one PSTN cable in your meeting room, you can easily connect the PSTN box CPN10 with the Yealink professional conference phone CP860/CP920 and start up your local three-way conference. Meanwhile, plus CP860s/CP920's HD audio quality, build-in 3 microphone array, full-duplex technology, acoustic echo cancelling technology as well as its rich call handling features, such as USB call recording, linkage to mobile phones or PCs, you can conveniently enjoy the conferencing call easily with excellent speech quality in your meeting room. Features:

- Supports Yealink IP Conference Phone CP860/CP920
- Plug and play
- Easy to use
- No additional power needed
- USB call recording
- Supports up to 2 cascaded CPN10 to setup PSTN conference
