Product Description

CP925 - Touch-Sensitive HD IP Conference Phone

Yealink CP925 is a touch-sensitive HD conference phone designed for small to medium conference room. CP925 adopts a business and introverted design that perfectly matches the calm style of the conference room, but also an acoustics fabric, which is impervious to any accidental liquid spills. Its fingerprint-proof LCD screen with a clear UI interaction page makes it easy for everyone to control the meeting. CP925 has 7 built-in microphones, providing you with a clear and natural conference call experience. In addition, you can connect CP925 to your mobile device (such as smartphone) via Bluetooth to achieve a hybrid UC meeting.

As a valuable complement for your conference room, Yealink concentrates on users themselves, giving you an easy, clear, and engaging business conference experience.
