Product Description

CP900 with Dongle UC - Premium Level Portable Speakerphone with Bluetooth USB Dongle

Yealink CP900 is the high-performance portable speakerphone that is flexible and scalable for the meetings of up to 6 people. Yealink CP900 rewards you with a trouble-free plug and play connectivity that you can connect it to your PC, tablet and smartphone via Bluetooth wireless pairing and USB wired connection. To let you feel free to sit at any end of the table or walk around your office room, CP900 packs itself with Yealink HD voice quality. With the 6-microphone beamforming array, full-duplex technology and the Yealink audio algorithms, Yealink have crafted an elaborate speakerphone experience for you indeed, including the 360-degree voice pick-up ability and the best echo cancellation which always keeps you staying focused on your meeting. To let your meeting on the go, CP900 not only owns a premium battery life with 12-hour talk time, but also a protective zipper bag. Yealink CP900 is your speakerphone that presents the immersive sound for either calls or music and makes the call controls accessible on CP900 itself directly.

Yealink CP900 has two separate editions for UC and Microsoft Teams. Each edition has a different firmware and appearance. Yealink's UC edition speakerphone is compatible with Google, Zoom and most UC platform providers, and also has a dedicated button to access voice assistance. Yealink's Microsoft Teams edition speakerphone is well-integrated with Microsoft Teams, and comes with a dedicated Microsoft Teams icon to access Microsoft Teams functions.
