AOA-2458-59-TFL - Dual-band outdoor omni antenna, N (f) connector

from **17,09 EUR**

Item no.: 333179
shipping weight: 0.20 kg
Manufacturer: ALFA Network

Product Description

AOA-2458-59-TFL - Dual-band outdoor omni antenna, N (f) connector

ALFA AOA-2458-59-TFL is a new high quality, low cost dual band 9/5 dBi gain omni-directional 2.4/5 GHz Wi-Fi antenna with an N female connector. The gain is 9 dBi for 5 GHz and 5 dBi for 2.4 GHz. This antenna has weather proof fiber glass casing. It is a great antenna for boat or RV use.

With its N female connector, it can be connected directly to a variety of outdoor Wi-Fi products including ALFA's Tube series, the Ubiquiti Bullet series, and the Mikrotik Groove. This antenna is the TFL version with a longer N female connector to fit through the mount. If you do not need a mount and plan on directly fitting the antenna to a Tube or Ubiquiti receiver, then you want the AOA-2458-59-TF version instead with a shorter connector.

- Lightweight fiberglass construction makes installation easy
- Integrated N female connector provides fast and easy cable connection in IEEE 802.11b/g Wi-Fi and Bluetooth applications
- Superior performance, weatherproof
- Model: AOA-2458-59-TFL
- Frequency: 2.4/5 GHz dual band
- VSWR: 2.0
- Gain: 9 dBi (5 GHz), 5 dBi (2.4 GHz)
- Polarization: Vertical
- Radiation: Omni
- Power handling: 50 Watts
- Impedance: 50 ohm
- Material: Fiber glass
- Connector: N female
- Height: 260 mm inches including connector
