Product Description

The Deco X60 is equipped with Wi-Fi 6 technology, which increases transmission speed and improves efficiency to minimise network congestion from multiple devices. The Decos work together to form a unified Wi-Fi network. Your mobile device will always automatically connect to the Deco unit with the highest speed as you move around your home.

Highlights- Fast dual-band transmission speed of up to 2402 Mbps (5 GHz) + 574 Mbps (2.4 GHz)- Simultaneous data transfer to multiple devices thanks to OFDMA and MU-MIMO technology- Seamless Wi-Fi coverage with strong Wi-Fi signals everywhere thanks to Wi-Fi 6- Almost zero latency perfect for gaming, video chatting or 8K streaming- Easy installation thanks to Deco app- Supports Amazon Alexa
