Product Description

120GB mSATA SSD module- Part numbers msata120d = 120 GB mSATA SSD module, Silicon Motion SM2259XT controller, 120GB 3D TLC flash.- Use with apu* series boards.- Note The metal latch sockets on apu boards don't always latch as nicely as they should. Please make sure the latch is properly seated to avoid cards unsocketing during shipment of assembled systems.- Note mSATA and miniPCI express slots look exactly the same, but the SSD will only work in a mSATA slot. Please read the friendly board manual.
