shipping weight: 3.50 kg Manufacturer: Maclean Brackets

Product Description

Universal desk with a pedal for height adjustment. The table is not only practical, but also takes up little space - a good solution for greater freedom in the workplace. Our product is the answer to the sedentary lifestyle we experience every day at home and at work. Change your position at your desk to a standing position, and then sit down again if necessary. You will feel a huge difference and improvement in efficiency, comfort and speed of work. Comfort and versatility The desk has been designed to ensure maximum comfort of use. Wide options for adjusting the height and angle of the table top ensure a pleasant working environment. The height is adjustable from 76 to 113 cm. Stable and solid construction ensures safe and long-term use. The table can be used both at home and in the office. It is not only suitable as a table for a laptop or tablet, but also for reading, drawing, writing, crafts and other activities.
