Product Description

High-quality, energy-saving 4W LED bulb with an E14 socket. It is equivalent to an ordinary 40W light bulb. High efficiency allows you to reduce energy consumption by up to 80%. Our LED bulbs are the best ecological alternative. The advantage of the bulb is the use of LED modules, resembling a traditional filament. Thanks to this, the bulb looks like a classic tungsten bulb and is ideal for use in various types of chandeliers and wall lamps.
