shipping weight: 0.40 kg
Manufacturer: MOXA

Product Description

Moxa 5 port entry-level managed Ethernet switch w/(3) 10/100BTX ports & (2) multi-mode ST fiber ports

DescriptionThe EDS-405A/408A are entry-level 5 and 8-port managed Ethernet switches designed especially for industrial applications. The switches support a variety of useful management functions, such as Turbo Ring, ring coupling, port-based VLAN, QoS, RMON, bandwidth management, port mirroring, and warning by email or relay. The ready-to-use Turbo Ring can be set up easily using the web-based management interface, or with the DIP switches located on the top panel of the EDS-405A/408A switches.

Features- IPv6 Ready logo awarded (IPv6 Logo Committee certified)- DHCP Option 82 for IP address assignment with different policies (available soon)- Modbus/TCP industrial Ethernet protocol supported (available soon)- IEC 61850 GOOSE messaging compliance- Plug-n-Play Turbo Ring (recovery time < 20 ms at full load) and RSTP/STP (IEEE 802.1w/D) capability- Port-based VLAN to ease network planning- QoS (IEEE 802.1p and TOS/DiffServ) to increase determinism- RMON for efficient network monitoring and proactive capability- SNMPv1/v2c/v3 for different levels of network management- Bandwidth management prevents unpredictable network status- Port mirroring for online debugging- Works with MXview industrial network management software
