### Product Description

The power supply unit for Snom desk phones. Snom desk phones are supplied with power via PoE as standard, which is why no power supply unit is included in the scope of delivery for ecological and economic reasons. However, if you do not use PoE in your network environment, this power supply unit is available. You will also need this if you want to connect more than one expansion module to a telephone, i.e. from the second expansion module onwards. The Snom A5 - PoE Injector is also available as an alternative to our power supply unit. Features- Type approval CE mark- Power plug VDE and UK- Input voltage/Input current 100 - 240V AC, 0.3A- Output voltage/Output current - 5V DC, 2A
