📄 Product Description

Gigaset - DL580

Ergonomics, comfort and safety - that's what the Corded Phone Gigaset DL580 stands for. It is easy to use and combines best quality with the challenges of old age. The devices of the Gigaset life series have all the features you want when making a call.The Gigaset DL580 convinces with its sound. The flexibly adjustable handset volume with amplifier function for extra loud hearing allows you to comfortably call. The adjustable loudspeaker volume also allows hands-free speaking in excellent acoustics. The comfort phone offers brilliant audio quality and is compatible with hearing aids. Always keep an eye on everything - its large size makes the illuminated display particularly manageable. And the adjustable contrast in 3 levels makes names and phone numbers easily readable.A self-explanatory and intuitive user interface makes everyday use a breeze. Now you will not miss a call! The ring tone can be set to a total of 7 volume levels and gradually gets louder with continued ringing. An LED on the front of the device will flash to signal you an incoming call.
