## CDC-IP/HE - T-0X - Controller IPHE

from **712,89 EUR**

Item no.: 390102  
shipping weight: 0.90 kg  
Manufacturer: Televés

### Product Description

Unit for remote control and monitoring of a T.0X Televés headend. IP network access is realised via an Ethernet 10/100 Mbps interface. This unit connects to a link server at Televés, which establishes a direct connection between the installer and the headend. Features- The headends are managed and controlled via a central service, the "Televés Services". This portal is located in a Televés Server Centre, which is accessible to the user through authentication- Equipped with a RISC microcomputer and GNU/Linux operating system, ensuring reliability in interface, protocol and peripheral management
