## FCS10 - Cable stripping tool for crimping and pressing technology

from **32,29 EUR**

Item no.: 389644  
shipping weight: 0.10 kg  
Manufacturer: Televes

### Product Description

Cable stripper with two blades: The first is used to cut the sheath and the second to cut the dielectric. The coaxial cable or data cable is stripped in a single operation, suitable for PVC and PE cables. For cable diameters from 4.3 mm to 7 mm. Ideal for compression connectors. Individually packed.
