

Item no.: 389646

FIPW2000 - Compression tool for FPS, IPK, IPS connectors

from **75,42 EUR**

Item no.: 389646
shipping weight: 0.30 kg
Manufacturer: Televes

Product Description

Metal tool for fitting "F" and "IEC" compression plugs. Thanks to its rotating and spacing-adjustable attachment, it adapts quickly and easily to different types and lengths of plugs. The tool has a plastic and rubber coating in the grip area, which makes it easier and better to hold. It also has a safety lock for proper storage. Individually packaged.
