### Product Description

Maclean MC-633 Universal wall workstation with a holder for two monitors and a keyboard, allowing you to work at your computer without using a desk. The holder is made of the highest quality metal (a combination of steel, die-formed aluminum and plastic). The elements of the holder have been perfectly matched, providing stable and secure support for two monitors and keyboard. Changing position from sitting to standing provides great comfort at work and optimizes ergonomics. The built-in gas spring allows for smooth height adjustment, and the included bracket allows the desktop computer to be mounted on the side of a desk or on a wall. Compatible with most monitors available on the market. The bracket is designed for mounting LCD, LED and plasma monitors of various brands weighing up to 6 kg and with screen diagonal from 17" to 27". Compatible with monitors of such brands as Sony, LG, Samsung, Philips, Sharp, Panasonic, Toshiba, Grundig, Pioneer, JVC, Benq, Sanyo, NEC, Hyundai, Hitachi, Iiyama, Aoc, HP or Eizo. We can easily attach the screen to the mount in VESA standard: 75x75, 100x100.
