Manufacturer: Maclean Brackets

Product Description

After choosing a high-quality sit-stand workstation, the first thing you want to know is whether the workstation is durable enough. Unfortunately, many stand workstations start shaking as soon as you touch the work surface. Other stable workstations are also not perfect. They usually include a large base that reduces your workspace. The MC-882 series combines a small base and super solidity. The workstations are stable when typing and you can adjust the height to your preferences. A stable sit-stand workstation and a distraction-free workspace can truly optimize your productivity. Specification- Product category: Sit-stand workstation- Material: plastic, MDF and PVC, steel- Black colour- Dimensions of the monitor/laptop tabletop: 600 x 400 x 16 mm- Keyboard shelf dimensions: 660 x 215 x 12 mm- Height range: 160 ~ 445 mm- Height adjustment: manual- Working surface (load): 13 kg (max)- Keyboard stand (load): 2 kg (max)- Installation: desk stand Set contains- Desk stand for keyboard and monitor or laptop, black MC-882 for standing and sitting work - gas spring- Installation instructions- Original packaging Features- Keyboard and monitor/laptop stand for MC-882 black table for standing and sitting work- Gas spring - highest quality and stability- Large solid base: ensures stability at any height- Large area to accommodate more devices- Cable management: keeps everything organized
