

Item no.: 389411

MSE927V - 17 - fold - amplifier 27 dB for 17 in. EUROSWITCH - Multiswitch, without NT

from **239,89 EUR**

Item no.: 389411
shipping weight: 0.60 kg
Manufacturer: Teledes

Product Description

Compact amplifier with 9 inputs (1 x terrestrial and 8 x SAT), which makes it possible to increase the number of users in the system and at the same time optimise the signal received by each of them. Gain in the terrestrial range 27 dB and in the SAT range 31 dB. RED compliant. Highlights- Very compact design and low weight- High output level- Gain (20 dB) and equalisation (12 dB) can be individually adjusted- Terrestrial main line power supply switch (TERR. DC), which makes it possible to supply power to the elements installed at the headend, such as active antennas or amplifiers- Two power supply options: Either via a directly connected external power supply unit or via the SAT connections in a cascade connection- 100% European design, quality and manufacture Features- Very good shielding values: class A. Cast housing developed and manufactured by Teledes- Low power consumption- 12-18V power supply range- Inputs and loop-through outputs colour-coded Physical data- Net weight: 546 g- Gross weight: 546 g- Width: 208 mm- Height: 120 mm- Depth: 45 mm- Main product weight: 546 g
