

Item no.: 389461

## ESW11 - 1xSat terr. feed-in diverter for single LNB, small design

from **21,26 EUR**

Item no.: 389461  
shipping weight: 0.40 kg  
Manufacturer: Teledes

### Product Description

Mini feed-in switch with 2 inputs that combines a terrestrial signal with a satellite signal on a single output. Its innovative, extremely small size allows installation practically anywhere, even in small meter boxes. In addition, miniaturisation also applies to the electronics, which improves the electrical behaviour and reduces impulse noise. Highlights- EasyF connection system: quick and easy installation- Cast housing with good shielding properties- Current feed-through from output to SAT input, for LNB supply- Outstanding reliability: automated production with latest-generation microcomponents Features- Indoor or outdoor use (with housing 417801)
