MSR1915 - Rack cabinet 19" 15U 600x450mm

from **347,32 EUR**

Item no.: 390029
shipping weight: 35.00 kg
Manufacturer: Teledes

Product Description

The 15+2U rack cabinet is designed to house active and passive equipment that is visible from the outside and protected by a secure lockable steel construction. The cabinet is compatible with fibre optic, data cable or coaxial cable installations, allowing different technologies to be grouped in a single cabinet. The total capacity is 15U, with 8U and an additional 2U when using the top and bottom ends. The cabinet is equipped with depth-adjustable side profiles that allow the installation of different types of panels or equipment. It has a reversible and removable front door with flexible fixing that facilitates working in the rack. The tempered glass door makes it possible to see the status of the equipment without opening the rack. The cabinet also has removable side doors with push buttons that allow access to the inside of the rack via the sides - an advantage when configuring rear connections. It is designed for wall or floor mounting. The cabinet also includes an L-bracket for wall mounting. The separate bracket makes installation easier, as it allows you to mark the drilling points for screwing to the wall and then place the rack on top. Dimensions (W x H x D): 600mm x 771mm x 450mm Weight: 33kg Highlights- High load capacity and durability: made of steel with a coating based on polyester resins and lead-free pigments- Security: tempered glass, lockable front door with hinges- Laser labelling: numerical identification of each unit "HE"- Horizontal cable guides: Cable panels with 1 U at the top and bottom of the enclosure to guide cabling from one side to the other and facilitate connections- For the installation of active equipment such as headends, a ventilation panel can be installed. For the installation of active equipment such as headends, a 120x120mm ventilation kit can be integrated Technical specifications- Grid dimension: in 19- Height: mm 771- Width: mm 600- Depth: mm 450- Number of height units (U): 15- Rack material: Steel- Colour: Black- Finish: Electrostatic polyester powder- Number of doors: 1- Rear door: No- Max. Load capacity: kg 60- Side opening: Yes- Mounting type: Wall / floor- Profile rail design: L-shaped- Earthing: No Physical data- Net weight: 30,000g- Gross weight: 33,000g- Width: 600mm- Height: 771mm- Depth: 450mm- Main product weight: 30,000g
