## MVN137 - Multi-range amplifier 1 input 37 27 dB

from **93,41 EUR**

Item no.: 389677  
shipping weight: 1.10 kg  
Manufacturer: Televes

### Product Description

Multi-range amplifier with one input for terrestrial reception, with switchable 12 V supply voltage for built-in amplifiers in the DATHD antenna series and for mast amplifiers. It can be switched between a high and a medium gain line. Highlights- Separate amplification: Increased output level without interference between the bands- Attenuation control at each input (0 dB-20 dB)- Switchable gain (high/low) and high output level- Cast housing with very good shielding properties Features- "F" connectors "F" connectors- LED output signal indicator- Test output (-30 dB)- Switchable remote power supply for mast amplifiers or built-in amplifiers of the DATHD antenna series- Wall mounting possible Physical data- Net weight: 1.020 g- Gross weight: 1,020 g- Width: 185 mm- Height: 114 mm- Depth: 64 mm- Main product weight: 960 g
