

Item no.: 389538

NT24F - Remote power supply 24V130mA, two outputs

from **38,20 EUR**

Item no.: 389538
shipping weight: 0.30 kg
Manufacturer: Televes

Product Description

24 V power supply (130 mA) for remote powering of terrestrial mast amplifiers and for amplifiers that are already integrated in the terrestrial antennas with BOSS technology. Highlights- Powerful switching power supply: saves up to 40% compared to conventional power supplies- Visually appealing design and small size- F connectors- Fully automated production, subject to the strictest quality controls Features- Wall mounting with screws possible- Attenuation losses may vary depending on the number of outputs used (1 or 2) Specification- Connector type EU- Number of outputs 2- Frequency range MHz 5 ... 862- Insertion loss: 1 output dB 1.5- Insertion loss: 2 outputs dB 4- Output voltage Vdc 24- Max. Output current mA 130- Input voltage Vac 207 ... 253- Mains frequency 50 Hz / 60 Hz- Max. Current consumption mA 35- Max. Power consumption W 4.4- Operating temperature °C -5 ... 45- Protection index (IP) 20 Physical data- Net weight: 280 g- Gross weight: 280 g- Width: 146 mm- Height: 54 mm- Depth: 35 mm- Main product weight: 220 g
