## OSK3LCAPC - Optical patch cable SM LSFH 3m LCAPC - LCAPC

from **14,21 EUR**

Item no.: 389874  
shipping weight: 0.10 kg  
Manufacturer: Televes

### Product Description

Pre-assembled optical patch cables for connecting network elements via single-mode fibre optic cables. Thanks to the LC/APC connectors, the cables can also be used for optical modules of the T0X headends. The sheath is LSFH and is recommended for indoor installation. The cable is fitted with a short sleeve at both ends, which facilitates installation in flush-mounted junction boxes and prevents attenuation increases due to unwanted bending. In addition, the short sleeve makes it easier to insert the patch cable into the empty conduits, reduces the space required for the connection and the bending radius is smaller. Supplied in individual packaging. Item no. OSK3LCAPC Length: 3 m Highlights: Short sleeve at both ends: enables a smaller bending radius and optimum adaptation in the connection area - Includes aramid fibres to reinforce the structure - Fibre type: ITU-T G.657.A2-LSFH sheath, orange colour - LC/APC connections - Available in different lengths
