MCTV-930 - Maclean Zimmerantenne TV Radio Antenne HDTV DVB-T2 DVB-T LTE DAB UKW 10

from **13,71 EUR**

Item no.: 375217
 shipping weight: 0.20 kg
 Manufacturer: Maclean Brackets

Product Description

Maclean MCTV-930 LTE The Maclean MCTV-930 active indoor antenna can receive both analog and digital TV and radio programs. Compatible with digital terrestrial HDTV systems such as DVB-T/T2 H.265 HEVC, ISDB-T and DMB-T/H, ATSC. It is also suitable for receiving DAB digital radio as well as analog FM radio. LTE network filter The antenna is equipped with an LTE filter that eliminates interference from cellular networks, thanks to which it receives an interference-free signal. The antenna is also shielded and equipped with a power supply. Modern amplifier High gain, low noise amplifier ensures better signal and image quality. Thanks to its compact tube-shaped structure, the antenna can be placed in the best place for receiving radio and television signals. Specification- Type: Active - Radio/TV antenna with amplifier- Output signal: max. 100 dB μ V- Made of SMD circuits- Application: digital, DVB-T/T2 H.265 HEVC and analog TV/radio signals- HDTV compatible: DVB-T2 HEVC, ISB-T, DMB-T/H, ATSC- Connection: F socket- Power supply: AC/DC 150-240 V 50/60 Hz power supply (included - DC 6 V, max. 100 mA) or DTV decoder (DC 5 V / 40 mA)- Impedance: 75 Ω - Noise amount: ?3dB- Gain: VHF: 26 dB / UHF 28 dB- Reception range: VHF, UHF, FM- Frequency range: VHF: 87.5 - 230 MHz and UHF: 470-694 MHz- Coaxial cable with F plug included Set contains- Internal DVB-T/T2 H.265 HEVC MCTV-930 antenna- Antenna stand- 6V 100mA power supply- Antenna cable- Original manufacturer's packaging- Polish operating and assembly manual- A proof of purchase The best digital TV reception To obtain the best reception results, place the antenna as close to the window as possible and as far as possible from possible sources of interference such as: air conditioning, elevator, hair dryer, microwave oven, etc. Features- Powerful internal radio and TV antenna with amplifier- Tube design - does not require much space- Perfectly receives terrestrial, digital signals (DVB-T/T2 H.265 HEVC)- For receiving digital and analog TV and radio signals- HDTV compatible various digital terrestrial signals DVB-T2 HEVC, ISB-T, DMB-T/H, ATSC- Perfect for receiving DAB digital radio and FM radio- Built-in LTE filter ensures better and trouble-free reception- Made using the latest SMD technology- Additional internal shielding to minimize interference- Built-in powerful, low-noise amplifier- Shielded with minimal interference- Stylish and compact design
