from **42,34 EUR**

Item no.: 389561
shipping weight: 0.40 kg
Manufacturer: Teledes

Product Description

19" front panel 1U with a capacity of up to 26 "F" connectors. Specially designed for the installation of Teledes F series distributors and feeders, as it has the same distance between the connectors as the devices in this series (17mm). In addition, it can accommodate up to 26 coaxial "F" adapter units - "F" socket (ref. 417302), for use as a connection point, allowing the use of a fixed distribution network to which different signals can be sent by simply reconnecting them to the panel. Highlights- High load capacity and durability: made of steel with a coating based on polyester resins and lead-free pigments- Each connection is marked with a laser-marked number- Specially designed for the installation of Teledes F series distributors and feeders- Black colour (RAL 9005)- Designed as 1U- 4 screws and 4 nuts included for installation in a 19" rack.
