S100-G - 95 x 105 cm aluminium reflector "Classic-Line" graphite

from **215,84 EUR**

Item no.: 389354
shipping weight: 12.00 kg
Manufacturer: Televes

Product Description

95 cm x 105 cm aluminium offset reflector with outstanding robustness and first-class workmanship. The feed arm and back section are painted in the same colour as the reflector, creating a perfect, harmonious image in combination with our exclusive SP...EN LNC series. Our standardised multi-feed rail system enables reception of up to 4 satellite positions with these reflectors. Individually packaged. Highlights- Aluminium reflectors- Non-rusting- Very quick installation (pre-assembled)- With cable feed-through in the feed arm- The feed arm has an additional opening so that, for example, no snow remains on the feed arm.- Die-cast aluminium feed holder and feed arm with cable gland. Die-cast aluminium feed holder and rounded edges thanks to specially coated components- Back section and mast holder are galvanised and chromate-coated- Mounting screws with hexagonal wing nuts Features- Back section and mast holder are galvanised and chromate-coated- Reflector without logo Specification- Frequency range GHz 10.75 ... 12.75- Gain (11.75GHz) dBi 39.95- Elevation angle ° 0 ... 80- Opening angle ° < 1.76- Cross-polarisation decoupling dB > 28- F-D ratio 0.6600- Reflector dimensions: Height mm 950- Reflector dimensions: Width mm 1050- Reflector material aluminium- Ø LNB holder mm 40- Wind load (@130Km/h) N 1065- For masts with Ø mm 30 ... 90 Physical data- Net weight: 9,800 g- Gross weight: 11,600 g- Width: 1,004 mm- Height: 970 mm- Depth: 199 mm- Main product weight: 9,800 g Packaging- Carton 1 pc.- Carton 1 pc.- Pallet 10 pcs.
