## S760CL-Z - 75 x 80 cm aluminium reflector "Classic-Line" brick red

from **111,21 EUR**

Item no.: 389365  
shipping weight: 6.20 kg  
Manufacturer: Teledesic

### Product Description

Classic-Line 760 Aluminium Sat-Reflector 75x80cm High quality with a good price-performance ratio 75 cm x 80 cm Aluminium offset reflector with excellent robustness and first-class workmanship, individually packed. Colour: Brick red Highlights- Aluminium reflectors- Non-rusting- Very quick installation (pre-assembled)- With cable feed-through in the feed arm- The feed arm has an additional opening so that, for example, no snow remains on the feed arm.- Aluminium die-cast feed holder as well as the feed arm. Die-cast aluminium feed holder and rounded edges thanks to specially coated components- Back section and pole holder are galvanised and chromate-coated- Fixing screws with hexagonal wing nuts Features- Back section and pole holder are galvanised and chromate-coated and painted in the same colour as the reflector- The reflector can be easily removed thanks to the keyholes. The wide back bracket offers high stability. The additional opening in the feed arm ensures that snow does not accumulate on it- Reflector without logo Technical specifications- Frequency range: MHz 10.75 ... 12.75- Gain (11.75GHz): dBi 37.45- Elevation angle: ° 0 ... 80- Opening angle: ° < 2.3- Cross-polarisation decoupling: dB > 26- F-D ratio: 0.6000- Reflector dimensions: Height: mm 750- Reflector dimensions: Width: mm 800- Reflector material: aluminium- Ø LNB holder: mm 40- Wind load (@130Km/h): N 500- For masts with Ø: mm 30 ... 90 Physical data- Net weight: 4,500g- Gross weight: 6,200g
