from **63,02 EUR**

Item no.: 389562
shipping weight: 2.00 kg
Manufacturer: Televes

Product Description

19" front panel with storage compartment 1U, up to 3 LGX modules. Designed for up to 3 LGX modules, can be used as a connection point for fibre optic cables (fibre optic patch panel), making it easy to connect multi-fibre cables or several optical cables so that they are easily accessible and identifiable. Enables the use of a fixed fibre optic distribution network to which different signals can be sent by simply reconnecting them to the panel. Thanks to its wide design, it facilitates the installation and maintenance of the splice boxes it accommodates. Highlights- High load capacity and durability: made of steel- Extremely easy to install and use- Sliding. Features- Black colour (RAL 9005)- Designed as 1U- 4 screws and 4 nuts included for installation in a 19" rack. Physical data- Net weight: 1,800g- Gross weight: 2,075g
