

Item no.: 389826

RDATAHS4 - Network Manager: Hotspot, 4x Gb Ethernet

from **750,95 EUR**

Item no.: 389826
 shipping weight: 0.60 kg
 Manufacturer: Teledes

Product Description

The hotspot gateway manages Internet access for companies, usually via Wi-Fi, that need to control access to the Internet via their network. The hotspot gateway has 4 GbE ports. The system enables simple and secure access to the Internet via any connected devices such as tablets, smartphones or computers. The gateway can also be used to define user profiles that can be used to limit the allocated Internet bandwidth. In addition, the captive portal can be fully customised to the customer's corporate image. Highlights- Versatile: Integrates with various systems, including Radius. It enables comprehensive control over the guest's network, with traffic logging, user profiling and third-party authentication (Radius, Active Directory and others)- It includes a logging service to fulfil regulatory requirements, by monitoring the activities in a network. Features- 4x 1GbE ports- User-friendly interface- The device has an integrated power supply as well as a port to connect an external power supply. Specification- Number of CPU cores 4- CPU speed GHz 1.99- RAM GB 2- Input voltage Vac 100 ... 240- Mains frequency 50 Hz / 60 Hz- Output voltage Vdc 12- Max. output current A 5- No. of CPU cores Output current A 5- Number of Gigabit Ethernet ports (10/100/1000BaseT) 4- Number of USB ports 2- Display port VGA- OS FreeBSD- Operating temperature °C -5 ... 45- Colour black Physical data- Net weight: 2,000 g- Gross weight: 2,400 g- Width: 250 mm- Height: 45 mm- Depth: 210 mm- Main product weight: 550 g Packaging- Carton 1 pc.
