Product Description

USB to USB Type-C cable, charging cable 1m Fast Charge 5V / 2.4A data cable
The USB cable is suitable for connecting mobile devices, tablets and more. The cable can be used for both charging and data transfer. With a length of 100cm, it offers sufficient freedom of movement during use, whether at home, in the car or in the office. High-quality materials ensure reliability and a long service life. The cable is used to charge and synchronise devices with a Type-C connection. Fast charge function - up to 2.4A Fast Charge enables faster charging than conventional USB charging cables. The cable is designed for fast charging - up to 2.4A current. Nylon braided Nylon braiding increases the durability and flexibility of the cables and ensures that the inner wire is secure when overstretched and bent. The high tensile strength ensures reliable performance. Technical data- Connection 1: USB A- Connection 2: USB Type-C- Max. charging current: 2.4A Charging current: 2.4A- Nickel-plated connections- Data transmission- Nylon braiding- Length: 100cm- USB Type-C Fast Charge Cable 1 m 5V / 2.4A Maclean MCE471- Proof of purchase- Powerful USB cable suitable for both charging and data transfer- Port 1: USB A- Port 2: USB Type-C- Universal compatibility- With a cable length of 1m- High-quality nylon braiding provides additional durability and flexibility- The USB cable supports high currents of up to 2.4 A and data transfer- Nickel-plated stainless steel connectors ensure reliable contact and a long service life
