Product Description

Product description: The iKiosk floor tablet stand is characterized by high quality workmanship and a solid steel base with mounting holes, ensuring the maximum level of security for the device placed in it. The presented housing has been appropriately adapted for installation on horizontal surfaces. The tablet can be positioned horizontally or vertically. The iKiosk tablet stand is compatible with iPad 2 3 4 and iPad Air. Due to its functional properties, it is ideal for use wherever access to an interactive information medium is necessary - it can act as electronic informants, multimedia presenters, virtual interviewers, virtual maps and guides, virtual advisors and sellers. Technical Specifications: - Dedicated to iPad 2 3 4 and iPad Air - Made of high-quality aluminum and ABS plastic - The stand can be placed vertically or horizontally - Tilt angle: 0°--75° - Home Button - Secured with a key lock (2 pieces in a set) - Simple inspection access to the device - Internal cable concealment system - Soft, contoured interior - protects the tablet from scratching - Color: white/black - Special holes for screwing the tripod to the floor. STAND APPLICATION: - iKiosks are used wherever access to an interactive information medium is necessary - they can act as electronic informants, multimedia presenters, virtual interviewers, virtual maps and guides, virtual advisors and sellers, product catalogues, music and video boxes, access control systems - they are a perfect complement to trade fair stands and other types of exhibition installations.
