Product Description

Description This sturdy USB hub by Delock in a metal housing is connected to a computer, notebook or mobile device via the USB-C™ port. It expands the computer by 3 USB ports. Various USB devices, such as USB sticks, card readers, external housings, etc., can be connected. Small, stable and handy The Delock hub is particularly suitable for mobile use due to its small dimensions and stable housing. It can be easily stowed in a bag together with a notebook or tablet and can be used immediately if required. Note The power supply of the connected devices depends on the input power and the number of connected devices.
