from **25,81 EUR**

Item no.: 395283
shipping weight: 0.10 kg
Manufacturer: Delock

Product Description

This padlock from Navilock with practical fingerprint sensor offers personalised security in many areas. Whether it's the locker in the fitness centre, a storage room in the basement or the door of an equipment shed, the range of applications is versatile. Up to 10 different fingerprintsThe sensor in the lock stores a total of up to 10 different fingerprints. The personalised fingerprints make it impossible to lose keys or forget the code. Battery capacityThe lock can be used for up to 6 months or 1000 times when the battery is fully charged. The lock flashes red to indicate in good time that the battery needs to be recharged. Protection class IP64The IP64 protection class offers increased protection against dust and splashing water from all sides. NoteIf the lock is completely discharged, it can be recharged using a power bank or cable so that it can be used again. Technical data- Connection: 1 x USB Type-C™ socket- Material: Steel with zinc alloy- Operating temperature: -10 °C ~ 55 °C- Battery: Li-Polymer 150 mAh- Stores up to 10 fingerprints- Personalised security without a key- Ideal for athletes, families, craftsmen, neighbours, holiday properties, camping- Protection class: IP64- Suitable for indoor and outdoor use- Dimensions (LxWxH): approx. 75 x 45 x 13 mm- Weight: approx. 94 g- Colour: silver
