Product Description

With this notebook lock from Navilock, two different devices such as notebooks, projectors, monitors etc. can be secured at any location. The 1.8 metre long steel cable with key lock can be easily tied around objects such as table legs, chairs or similar and thus secures the device against theft. The small design of the lock makes this security cable ideal for narrow netbooks. Kensington Slot compatible The notebook lock is compatible with the standard Kensington Slot. The Kensington Slot is the 3 x 7 mm opening on the housing. On many devices, this opening is labelled with a lock symbol. HP Nano Slot compatible The 2.5 x 6.0 mm opening on the housing is referred to as the HP Nano Slot. On many devices, this opening is labelled with a lock symbol.
