0,5 m

📄 Product Description

This network cable by Delock can be used to connect various network devices, e.g. a network card with a switch or patch panel.With USB-C™ port finder functionThe network cable is equipped with a port finder function that enables quick and easy identification of the cable for tracing the cable route. When power is supplied to the USB Type-C™ socket, flashing LEDs on both RJ45 plugs signal their location. This patch cable is particularly suitable for use in office environments, industrial plants and data centres.
