Product Description

The ergonomic footrest is a versatile product designed for people who value maximum comfort. Thanks to its optimal anglitude and high-quality materials, it offers solutions for a wide variety of needs. This footrest is ideal for use in offices, home offices or other places where prolonged sitting is required. It helps reduce back pain and muscle tension by promoting healthy posture and minimizing strain on the body. Removable soft cushion enhances comfort and ensures ease of use. The footrest can support a maximum weight of 20 kg, which is sufficient to meet most requirements. In addition, it offers the ability to adjust the angle of inclination as required, with an impressive range of +20 to -20 degrees. This feature allows you to adjust the footrest to your individual preferences and requirements to ensure maximum comfort. - Manufacturer: Maclean- Model: MC-460- Maximum load: 20 kg- Tilt adjustment: +20/-20°- Dimensions: 400 x 300 x 123 mm- Colour: black- Removable cushion.- Maclean MC-460 Ergonomic Footrest- Manufacturer packaging- Ergonomic footrest specially designed to provide ergonomic support.- Its shape and adjustable height allow the feet to be kept in a comfortable and natural position- Helps maintain a healthy posture- Sturdy construction, ensures durability and reliability- Promotes good posture by positioning your feet to keep your spine and entire body in a natural, balanced position- Helps prevent back problems and promotes your overall health- Helps reduce back pain and muscle tension:- Tilt adjustability: +20/-20°- Ideal for office workers- Removable cushion
