Product Description

Description With this cable by Delock you can charge your notebook via a USB Type-C™ port in combination with the matching adapter. The LED light on the magnetic connector indicates that there is a power connection. Magnetic function When using the cable, it can be connected via the magnetic counterpart to the likewise magnetic interface of the notebook charging adapter (e.g. 80783-80793). The magnetic force supports a secure connection. USB Type-C™ connection With the USB Type-C™ connection, any USB-C™ charging cable can be used to charge the notebook. The adapter cable is therefore a practical addition for working on the go, as there is no need to use a separate notebook charging cable.
